REPORTING PIRACY TIPS

Please help us be the “eyes and ears” on the ground by reporting any pirate DVD sales to your local MPAA Regional Director, either by filling out the online form at:

<http://mpaa.org/contentprotection/report-piracy>

or by calling 1-800-NOCOPYS (1-800-662-6797). You may also contact your local MPAA Regional Director by using the contact information provided below.

When reporting piracy, please provide the CITY and STATE where the piracy was found, and include the following information in your message.

- The specific location where the pirate DVDs are being offered:
City, State, specific address if possible, or closest intersection
- Whether a street vendor, swap meet, retail outlet or other (describe)
 - A description of the person(s) offering the goods
(including possible vehicle description/license plate information)

Please be aware that for street vendor or flea market piracy, immediate communication of this information is essential as street and flea market vendors do not stay in one location for extended periods of time.

For other venues offering pirate DVDs, prompt communication is also encouraged.

We greatly appreciate your cooperation and assistance with this matter.
